SUPERINTENDENT'S PRESS RELEASE

Henry V. Wagner Jr., Ed.D., Superintendent

DATE: September 25, 2015

Freshman Academy Week September 21st – September 24th By Terrell Sample, 21st Century Community Learning Centers Coordinator

This week, the **Freshman Academy** sponsored by 21st CCLC at North Dorchester High School enjoyed a delightful experience capitalizing on academic interventions. **Academic assistance** was provided by dedicated **teachers and guidance counselors** with the support of their executive team, to target student needs for **re-assessment, re-teaching, homework completion, and structured studying experiences** in preparation of the **Quarter One interim report**. Students were provided structured studying and work environments to improve content understanding in the areas of **English, Mathematics, Science, and History**.

Students were also introduced to new experiences exploring **college and career opportunities** beyond their high school career, as well as **strategies to manage their relationships** with peers and teachers to improve their educational experience through **Naviance**. To augment this experience, North Dorchester High School students will collaborate with **Sergeant Mitchell of the United States Marine Corps** to assess career opportunities. We will also provide opportunities to work with the **Mid-Shore Mediation P.E.A.C.E. Team** to reflect on **social skills and stress management** to improve their learning experience at North Dorchester High School. We call this “**collaboration for success!**”
